

Bridge the Gap Report

4/26/2025

BTG applications residents

- Received several applications from Ada County jail (men)

Phone calls misc.

- I've received a few calls from people looking for support.

The applications coming in are from inmates looking for support while they are still incarcerated. It may be time to look at a volunteer who works strictly with volunteers who want to communicate with the residents while they are incarcerated.

Yours in Service

Kathy C.
