

Treatment Center Coordinator Monthly Report 4/26/25

Lifeways:

- Feedback on the meetings has been positive. Added the Saturday meeting along with the Monday meeting.

Northpoint

- Wednesday meeting is still well received. Clients are engaged and asking good questions on how to get connected in AA.
- Said they will be interested in a TAC sticker when we can get those made.

Volunteer workshop

- We had great attendance at the workshop. We put together a new contact list with all of the new volunteers info on it. We have a couple of new volunteers signed up to rotate into Intermountain and Northpoint.
