Phone App Calls: Few calls

BTG applications – nothing new

Received a text from BTG in Montana, - working to set up a young man for a 11/5/25 release date. – 5 men The Way-Out group offer their numbers. Emailing Bear Creek Wellness.

Working on seeing if we can offer sponsorship in jail or prison. Have had several requests from residents who will be inside for a while. We need to have a conversation with Ada County and IDOC to see if there are any restrictions.

I'll be working with Danielle for the next year, and then turning the position over to her to be the lead.

Yours in Service
